PROFESSIONAL SUMMARY

I am a dedicated and experienced fullstack developer specializing in building web applications using React, TypeScript, and Node.js. I have developed Restaurant-App and Hotel-App platforms and am interested in developing websites to further my skills. I am currently pursuing a Bachelor's degree in Computer Science at Bangkok University.

EDUCATION

Bangkok university | 2022 - Present
Computer Science
GPA : 3.04 (Year 3/2)

EXPERIENCE:

BAYVIEW HOTEL PATTAYA WEB APPLICATION (FULL-STACK DEVELOPER | 2024 – PRESENT)

I do automated communication platform to resolve response delays between customers and HR/service departments. By integrating AI-powered assistance, the system provides 24/7 instant responses, effectively streamlining guest interactions and reducing manual workload. Built with Next.js, Node.js, and MongoDB to deliver a fast, scalable solution for the hotel's digital transformation.

DORMITORY MANAGEMENT SYSTEM (FULL-STACK DEVELOPER | 2023 - 2024)

comprehensive web application to streamline dormitory rental management and room booking processes. The system automates tenant communication and rental tracking, reducing manual administrative tasks. Built with Next.js, Node.js, and MongoDB, featuring a responsive interface for tenants to check room availability and manage bookings efficiently.
